

CRN POC COMPETENCY LIST BY UNIT

2J

Phase One

- Blood Products
- Cardiac Monitoring
- Chest Tube Management
- Controlled Substance Infusion
- End-of-Life Care
- Hemodynamic Monitoring
- Intravenous Therapy
- Mechanical Ventilation
- Moderate Sedation
- Post-Anesthesia Care
- Oxygen Delivery Devices
- Seizure Management
- Skin and Wound Care
- Use of Restraints
- Vasoactive Medication Administration

Phase II

- Code Team
- High Dose IV IL-2
- Intracranial Pressure (ICP) Monitoring
- Lumbar Subarachnoid Drainage System Management
- Temporary Pacemaker

2 EAST - POC

- Blood Products
- Cardiac Monitoring
- Chemotherapy/Biotherapy
- Chest Tube Management
- Controlled Substance Infusion
- End-of-Life Care
- High Dose IL-2
- Intravenous Therapy
- Moderate sedation
- Post-Anesthesia Care
- Oxygen Delivery Devices
- Skin & Wound Care
- Vasoactive Medication Administration

ANNUAL COMPETENCIES (2E)

- Controlled Substance Infusion
- Chemotherapy-Biotherapy
- Cardiac Monitoring

2 West

- Blood Products
- Chemotherapy/Biotherapy
- Chest Tube Management
- Controlled Substance Infusion
- End-of-Life Care
- Intravenous Therapy
- Moderate Sedation
- Oxygen Delivery Devices
- Seizure Management
- Skin & Wound Care
- Stem Cell Transplant
- Telephone Triage

3 East

- Aggressive Behavior
- Seclusion
- Use of Restraints for Behavioral Health

3 West

- Aggressive Behavior
- Intravenous Therapy
- Moderate sedation
- Oxygen Delivery Devices
- Seclusion
- Seizure Management
- Suicide Prevention
- Use of Restraints for Behavioral Health

4 East

- Aggressive Behavior
- Intravenous Therapy
- Moderate Sedation
- Oxygen Delivery Service
- Seclusion
- Seizure Management
- Suicide Prevention
- Use of Restraints for Behavioral Health

4 West

- Aggressive Behavior
- Intravenous Therapy
- Moderate Sedation
- Oxygen Delivery Assist Service
- Seclusion
- Seizure Management
- Suicide Prevention
- Use of Restraints for Behavioral Health

5 West & Day Hospital

- Blood Products
- Chemotherapy/Biotherapy
- Controlled Substance Infusion
- End-of-Life Care
- Intravenous Therapy
- Lumbar Subarachnoid Drainage System Management
- Moderate Sedation
- Oxygen Delivery Devices
- Seizure Management

6 West

- Aggressive Behavior
- Alcohol Withdrawal
- Intravenous Therapy
- Seclusion
- Seizure Management
- Suicide Prevention
- Use of Restraints for Behavioral Health

7 East

- Blood Products
- Cardiac Monitoring
- Chemotherapy/Biotherapy
- Hemodynamic Monitoring
- Intravenous Therapy
- Moderate Sedation
- Oxygen Delivery Devices
- Skin & Wound Care
- Temporary Pacemaker
- Vasoactive Medication Administration

7W DXL/Cath Lab

- Cardiac Monitoring
- Controlled Substance Infusion
- Hemodynamic Monitoring
- Intravenous Therapy
- Moderate Sedation
- Vasoactive Medication Administration
- Temporary Pacemaker

8 East

- Chest Tube Management
- Moderate Sedation

8 West

- Blood Products
- Controlled Substance Infusion
- Intravenous Therapy
- Moderate Sedation

9 East Day Hospital

- Blood Products
- Chemotherapy/Biotherapy
- Intravenous Therapy
- Moderate Sedation
- Oxygen Delivery Devices
- Skin & Wound Care

9DGI

- Intravenous Therapy
- Moderate Sedation
- Oxygen Delivery Devices

9 West

- Blood Products
- Intravenous Therapy
- Lumbar Subarachnoid drainage System Management
- Seizure Management

9 West Day Hospital

- Blood Products
- Intravenous Therapy
- Seizure Management

10 D

Phase One

- Blood Products
- Cardiac Monitoring
- Chemotherapy/Biotherapy
- Chest Tube Management
- Controlled Substance Infusion
- End-of-Life Care
- Hemodynamic Monitoring
- Intravenous Therapy
- Mechanical Ventilation
- Moderate Sedation
- Post-Anesthesia Care
- Oxygen Delivery Devices
- Seizure Management
- Skin and Wound Care
- Use of Restraints
- Vasoactive Medication Administration

Phase II

- Code Team
- Continuous Renal Replacement Therapy
- High Dose IV IL-2
- Intracranial Pressure (ICP) Monitoring
- Lumbar Subarachnoid Drainage System Management
- Pediatric Continuous Renal Replacement Therapy
- Pediatric Hemodynamic Monitoring

- Pediatric Mechanical Ventilation
- Pediatric Vasoactive Medication Administration
- Temporary Pacemaker

11 East Day Hospital

- Chemotherapy/Biotherapy
- Intravenous Therapy

11 West

- Blood Products
- Chest Tube Management
- Controlled Substance Infusion
- End of Life Care
- Intravenous Therapy
- Moderate Sedation
- Oxygen Delivery Devices
- Skin & Wound Care

Dialysis

- Moderate Sedation
- Oxygen Delivery Devices

12 East

- Blood Products
- Chemotherapy/Biotherapy
- Chest Tube Management
- Controlled Substance Infusion
- End-of-Life Care
- Intravenous Therapy
- Moderate Sedation
- Oxygen Delivery Devices
- Seizure Management
- Skin & Wound Care
- Stem Cell Transplant
- Telephone Triage

13 East

- Blood Products
- Chemotherapy/Biotherapy
- Intravenous Therapy
- Moderate Sedation
- Ommaya Reservoir Care
- Oxygen Delivery Devices
- Seizure Management
- Skin & Wound Care
- Stem Cell Transplant
- Telephone Triage

13 West

- Blood Products
- Chemotherapy/Biotherapy
- Controlled Substance Infusion
- End-of-Life Care
- Intravenous Therapy
- Omay Reservoir Care
- Stem Cell Transplant Care

CSO Behavioral Health

- Aggressive Behavior
- Seclusion
- Suicide Prevention
- Use of Restraints for Behavioral Health

CSO ICU

- Blood Products
- Cardiac Monitoring
- Chest Tube Management
- Controlled Substance Infusion
- End of Life Care
- Hemodynamic Monitoring
- Intravenous Therapy
- Mechanical Ventilation
- Moderate Sedation
- Oxygen Delivery Devices
- Post Anesthesia Care
- Seizure Management
- Skin & Wound Care
- Use of Restraints
- Vasoactive Medication Administration

CSO Medical Surgical

- Blood Products
- Chest Tube Management
- Controlled Substance Infusion
- Intravenous Therapy
- Moderate Sedation
- Oxygen Delivery Devices
- Seizure Management
- Skin & Wound Care

CSO Oncology

- Blood Products
- Chemotherapy/Biotherapy
- Chest Tube Management
- Controlled Substance Infusion
- Intravenous Therapy
- Moderate Sedation
- Oxygen Delivery Devices

- Skin & Wound Care

CSO Pediatrics

- Blood Products
- Chest Tube Management
- Controlled Substance Infusion
- Intravenous Therapy
- Moderate Sedation
- Oxygen Delivery Devices
- Skin & Wound Care

OP-3 (Dental)

- Intravenous Therapy
- Moderate Sedation
- Skin & Wound Care
- Telephone Triage

OP-3

- Chemotherapy/Biotherapy
- End-of-Life Care
- Skin and Wound Care
- Telephone Triage

OP-4

- Aggressive Behavior
- Chemotherapy/Biotherapy
- Intravenous Therapy
- Seclusion
- Suicide Prevention
- Telephone Triage
- Use of Restraints for Behavioral Health

OP-5

- End of Life Care
- Intravenous Therapy
- Oxygen Delivery Devices
- Skin & Wound Care
- Telephone Triage

OP-7 (Neuro)

- Intravenous Therapy
- Seizure Management
- Telephone Triage

OP-7 (Heme)

- End of Life Care
- Skin & Wound Care
- Telephone Triage

OP-8

- Chemotherapy/Biotherapy
- End-of Life Care
- Intravenous Therapy
- Skin and Wound Care
- Telephone Triage

OP -9

- Intravenous Therapy
- Skin & Wound Care
- Telephone Triage
- Oxygen Delivery Devices
- Suicide Prevention

OP-10

- Chemotherapy/Biotherapy
- Intravenous Therapy
- Telephone Triage

OP-11

- End-of-Life Care
- Skin and Wound Care
- Telephone Triage

OP-12

- End-of-Life Care
- Seizure Management
- Skin and Wound Care
- Telephone Triage

OP-13

- Blood Products
- Chemotherapy/Biotherapy
- End-of-Life Care
- Intravenous Therapy
- Seizure Management
- Skin and Wound Care

Dental

- Telephone Triage
- Oxygen Delivery Devices

Rad Oncology

- Blood Products
- Chemotherapy/Biotherapy
- Intravenous Therapy
- Moderate Sedation
- Oxygen Delivery Assist Devices
- Seizure Management
- Skin & Wound Care
- Stem Cell Transplant Care

- Telephone Triage
